LA Mer Project Celebrating Three Million Safe Man Hours

31 August 2016

A great achievement was the completion of 3 Million Safe Man Hours without Lost Time Incident for LA Mer Project. This is a great accomplishment for our company

which was celebrated with full participation from Projects Link, Meraas, Sogreah, DI & other contractors. The celebration started with an introductory speech by Mr. Vinod Brutus - PLC HSE Manager, welcoming everyone and congratulating all on achieving the milestone. La Mer Project Manager, Andrew Scott commenced with his address note saying "This is a great achievement anywhere in the world, in any industry, in any Project and for any Company". Prize distribution for the best five performers was given out by Meraas dignitaries Mr. Richard Brewer - Head of Projects and Mr. Michael Zabst - Director of Projects. Also, Subcontractors certificates were awarded to the safety nominated workers & supervisors by Mr. Iaan Roberts & Mr. Noor Alam from Sogreah. Selected PLC staff were also honored with certificates of appreciation.

New contract Awarded: Takreer Pump Station, Um Al Nar, Abu Dhabi

Company is pleased to announce the award of contract for the construction of the Sea Water Intake Pump House at Umm Al Nar, Abu Dhabi.

The client is Target Engineering, with Al Kharafi National as Main Contractor and Takreer as Employer / Owner.

The scope of work includes general fill over pump station area, supply & driving of steel sheet piles, excavation inside of pump station area, removal of fill in front of sheet pile (sea side), and supply & placement of shore protection & revetment rocks in front of sheet pile wall (sea side). Estimated date of completion is April 2017.
