

QUALITY POLICY

Policy Number PLC-120, Rev. 1, dated 13-4-2015

We, at Projects Link are committed to meet the requirements of our customers and ensure their complete satisfaction.

The Company provides marine and civil engineering construction solutions for coastal, offshore and onshore locations.

We have a dedicated and experienced team of employees as well as suppliers / subcontractors who provide our Clients with the best construction, engineering, strategic alliances and procurement solutions.

All our projects are executed in accordance with agreed contract specifications and drawings and within the agreed time frame, so as to provide good value to our clients.

We ensure this with the help of our quality objectives which are regularly reviewed for their suitability and effectiveness and ensure compliance with the applicable statutory, legal, regulatory and latest version of ISO 9001 requirements.

We run all our operations in line with our established quality management system, which is reviewed for its effectiveness and continual improvement of our company on the whole at regular intervals.

This policy will be reviewed for adequacy and effectiveness during the bi-annual management reviews.

**Signed
Khaled A Hamid
Managing Director**
